## Year 5 Maths Magicians Finish 4th in Competition

4 girls from Year 5 (Zara, Maddy, Zoe and Indy) took part in an extremely challenging maths competition at Fern Hill Primary School. There were 3 rounds, the first tested the team's fluency ability with 30 questions involving a range of maths topics. The girls then had to use their mathematical vocabulary in the second round to work out the meaning of some anagrams. The final round involved some worded problems which they had to read very carefully in order to solve. The team did extremely well and had lots of fun. Out of 11 teams, they came 4th- 1 point away from the teams which placed jointly in 2nd and 3rd- well done girls!

#### Have your say on the future of Tolworth

Kingston Council, the Greater London Authority and Transport for London are embarking on an ambitious programme to ensure a bright future for the Tolworth area. The Tolworth Area Plan will set out a vision and strategy to guide the type of development that will enhance Tolworth, improve amenity for residents and support growth in the local economy. This document will give a clear understanding of what type of development should be encouraged, what good development looks like, and ensure that developments collectively deliver the vision for Tolworth. It will also be used to bid for funding for improvements in Tolworth. It is vital that we hear from as many local people as possible so that the TAP reflects a shared vision.

Your views and opinions are welcome, please join one of our drop-in events to tell us what you think of Tolworth, your ideas for its future and the opportunities you see for change.

Drop-in events:

- Friday 16 June, 11-4pm, 21st Floor, Tolworth Tower
- Saturday 17 June, 9.30am to 1pm, Goals! Tolworth
