## Embedding Pupil Safeguarding Awareness in the Curriculum

All teachers incorporate elements of safeguarding into their lessons where appropriate. This involves:

- Informal conversations;
- Teacher/pupil discussions;
- Briefings for outings and trips (road safety/stranger danger etc) ;
- The implementing of our e-Safety Policy regarding ICT usage;
- An awareness of any potential hazards in lessons – identifying risks and dangers;

Safeguarding is also about pupils' emotional well-being. Teachers encourage pupils to speak out if there is something worrying them, or if they are aware of, or witness something unacceptable, untoward or disturbing. Teachers promote tolerance and respect for each other and acceptance of individual differences. Teachers help pupils develop confidence and resilience and discuss what to do if things go wrong. They are approachable and show their willingness to help pupils at all times.

## British Values

At Christ Church C of E Primary School we promote the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs.

This includes:

- paired and group work as sharing and working together
- making choices with an understanding that the freedom to choose and have other views is respected and tolerated
- debating social issues with an understanding of how people can influence decision-making through the democratic process
- an appreciation that school rules protect individual children and is essential for their wellbeing and safety
- an acceptance that other people having different faiths or beliefs to oneself (or having none) are accepted and tolerated without discrimination through school council elections, persuasive writing, and by promoting our Christian school values and Fruits of the spirit as guidelines for behaviour choices.

## ACCESSIBILITY PLAN 2017 – 2020

*We believe that this Accessibility Plan is compliant with current legislation and requirements as specified in chapter 4, relating to Disability, of the Equality Act 2010 (revised May 2014). School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.*

1. The Christ Church Primary School Accessibility Plan has been drawn up in conjunction with pupils, parents, staff and governors of the school. The Accessibility Plan will be reported upon annually in respect of progress and outcomes, and provide a projected plan for the four year period ahead of the next review date. This plan was updated in April 2017 to reflect the statutory requirements for the setting of Equality Objectives.

2. The Accessibility Plan is structured to complement and support the school's Equality Objectives, and will similarly be published on the school website.

3. We are committed to providing an environment that enables full curriculum Accessibility that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

4. The Christ Church Primary School Accessibility Plan shows how Accessibility is to be improved for disabled pupils, staff and visitors to the school in a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan will contain relevant and timely actions to:

- increase access to the **curriculum** for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as other pupils; (If a school fails to do this they are in breach of duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits - it also covers the provision of specialist or **auxiliary aids and equipment**, which may assist these pupils in accessing the curriculum within a reasonable timeframe;
- improve Accessibility to the **physical environment** of the school, adding specialist facilities as necessary - this covers improvements to the physical environment of the school and physical aids to Accessibility education within a reasonable timeframe;
- improve the delivery of **written information** to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

5. The Accessibility Plan relates to the key aspects of physical environment, curriculum and written information.

6. Whole school training recognises the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

7. The Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Equality Objectives
- Health & Safety Policy (including off-site safety)
- Special Educational Needs Policy
- Behaviour Policy
- School Development Plan
- Asset Management Plan / Suitability Survey
- School website and Vision Statement

8. An Accessibility audit will be completed by the school prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the on-going period.

9. Equality Impact Assessments will be undertaken as and when school policies are reviewed. The terms of reference for all governors' committees will include the need to consider Equality and Diversity issues as required by the Equality Act 2010.

10. The Accessibility Plan will be published on the school website.

11. The Accessibility Plan will be monitored through the Governors' Policy Committee.
